Customer Reviews

I bought this because it's the best deal going on Debussy's works, how can you beat the number of pieces in this thing for around \$30? In addition, the binding is fantastic, the ring binding is a must for big volumes like this. Now, the downside: this is just about the most minimalist edition of Debussy's work you're going to find. There are little or no fingering suggestions or editor comments, you're on your own. For the price and the binding it deserves four stars, but it's not without its limitations.

An absolutely amazing book. I bought this book to keep me busy with such beautiful pieces of music and it serves its purpose. However, the binding on it is a bit iffy and you'll need to turn the pages with care. But that doesn't take away from this amazing collection of pieces from Debussy

Excellent edition. Clear - easy to read. LOVE the ring binding (why can't all large volumes have ring binding?). Contains all the major pieces and more. I would recommend this.

The music is easy to read and includes fingerings. This book has the bulk of Debussy's piano works.
