It is the night before Jessica's first big IEP Team meeting and her parents are scrambling to find something - ANYTHING - that can help them prepare for the meeting. Try Wrightslaw. Sally's advocate is packing her briefcase as she heads out the door for the IEP Team meeting. She checks for her most critical resource. Wrightslaw. Susan, a school district attorney, checks her bag before heading off to her next meeting. Yup. Wrightslaw. Is there no one who hasn't heard of Wrightslaw? Actually, we are sure that many readers have not, so today we review two new books from Wrightslaw. Both are second editions of books Pam and Pete Wright first released several years ago. The Wrights have updated both books to reflect the 2004 changes to the Individuals with Disabilities Education Act [IDEA] and its implementing regulations. We use both books in our regular course of business and highly recommend them to parents, educators, advocates, attorneys and

anyone else who has a need for quick but comprehensive manuals on special education law. Wrightslaw: Special Education Law, 2nd Edition [Wrightslaw] is a wonderful and ready resource for all who want to be able to find and then quote chapter and verse of IDEA law and regulations. The book includes the complete text of all four parts of IDEA as enacted in December, 2004. Wrightslaw also contains the complete implementing regulations for IDEA that became effective in August, 2006. These texts alone are worth the cost of the book. But Wrightslaw does not stop with the IDEA statute and its implementing regulations.
