Customer Reviews

BearManor Media presents "BONANZA: A VIEWER'S GUIDE TO THE TV LEGEND" (Paperback) - Written by David R. Greenland. Invision the Ponderosa as America's Camelot, the good king and his gallant knights supplanted in our democratic republic by the good father and his steady sons - thus "Bonanza" was born. In the words of David Dortort (creator & producer of Bonanza) -- "An account of people seeking a new beginning, new land and homes, imbued with the hope for a better life for themselves and their families. This is a story of sinking one's roots in the new land, the plow that broke the plains and the tragic subjugation of the previous inhabitants, the Native Americans, because it was believed that they had to make way for the building of homes and farms, of schools and places of worship". Very reasonable and a good value for the price --- For product description and editorial review check this out on the [site](#) above my review.
