## Customer Reviews

"Donde esta el gatito?" is great for toddlers, especially one like mine who wants to open the flaps and turn the pages himself. Not only does he get to identify the cat, but there are also everyday things he can recognize on each page- bananas, a toybox and a laundry basket. The Spanish version lets me practice a little Spanish on him (and me), with easy and a little more difficult words mixed together. I recommend the series in English or Spanish.
