The Complete Guide To Hiring And Firing Government Employees

Synopsis

Bringing the best new people on board and weeding out the worst are both the most important and the most difficult tasks faced by any employer. For federal managers, the challenge is even greater. Not only does government bureaucracy often make hiring a cumbersome, slow-moving process, but poor performers enjoy more protection from losing their jobs than their counterparts outside of government. "The Complete Guide to Hiring and Firing Government Employees" is filled with tried-and-true strategies that will enable government managers to cut through the red tape and take advantage of the best talent available, as well as efficiently document and deal with those who don't make the cut.

Customer Reviews

this is a great book for public management majors. It would be good for those doing the hiring and firing in government to read it also.

Any Government manager with problem employees needs this book.

Good overview of the hiring and firing system
