WW2 History: The Events That Defined World War II (World War 2, WWII, History, Dday, Pearl Harbor)

Synopsis

Stories From Those That Lived Through World War 2 ~ READ FREE WITH KINDLE UNLIMITED - ACT NOW BEFORE IT'S GONE! _____ The Events that will Live on in Infamy The World Wars contained mistakes and lessons that few will ever forget. From the surprise attacks to the lives lost, they consumed whole nations. World War II was no exception. One of the best ways to learn about an event is to speak with someone who has lived through it. In these pages you will find just that. Stories from those that lived through the horrors and dangers of war. The one thing that all those in war areas know is that not only soldiers are witnesses to the hell that war brings. At times civilians are caught in the mix. The stories contained in this book are not only from the perspective of the soldiers or sailors that fought, but also those caught in the cross fire. From the heart of China to the island state of Hawaii, these stories encompass not only the history of the nations but also the history of the people. This book includes personal stories that range from tragic to fascinating. Here's just a few things you'll learn about: • The Japanese occupation of China • A firsthand account of Pearl Harbor • What happened when Hitler went to Paris • Churchill's thoughts on the famous "Peace in our time" speech WW2: The Events that Defined the War will take you through a side of history that some novice historians may be unaware of and put you in a front row seat to some of the pivotal events of World War II. Customer Reviews

this book is so detailed with every event of the war given in details. the writer took her time to write the story in a way that you don't get to miss any part of the story . it was well written, easy to understand with pictures for illustrations and very interesting . i found this book very helpful. highly recommended for history students .

this book brings memories alive .events of the world war2 are recorded in this book. summaries and first hand accounts of the events that defined WWII are well narrated in this book. having watched the movies that tell the story of WWII , i found it also very easy to understand the book and also enjoy the actors' good work.

All you need to know about World War two is in this book. You will learn the history of it in a much more informative way. Short but informative, Having all this information written in one book is really awesome. World War 2 History is a comprehensive, authoritative, yet accessible guide to the people, politics, events, and lasting effects of World War II. Perhaps the most complex, frightening, and destructive event in global history, the Second World War saw the heights of human courage and the depth of human degradation. Good book.

This book accounts the specific events as witnessed by the soldiers and how they have survived the tragic events. The book has greatly explained the difference between WWI and WWII, and the author has also included pictures that made me imagine the things that are written on the book. The author speaks to you in a conversational tone as to not bore you. I was happy that the author included useful images to accompany his explanations!

It's very interesting to know about our history especially bad things so we can improve our future based on the past. What do we really know about WWII? Well, to answer that question we must read, watch and we could also listen to other people's story about it. It is always an interesting topic and this book gave a little enlightenment to my knowledge about it. It is a great book to read.

It is important for us to know about history because it molds on what our society has become. Know on how the people in that day live in fear. The brutality and cruelty is mind blowing. You will learn the history of it in a much more informative way. Its law and jurisdiction in that time. Surely it will going to chill your bones upon knowing what have happen during that time. Short but informative book!

The book is well articulated, with events unfolding in a fascinating manner and it captivated me to read up to the last full stop. Great book and great information. I just could not believe what I was reading. You end up reading the whole book and still you want more. An amazing book with great insights about the horror which took place . The author has done a great job in researching the book and pulling the facts together.

After reading this book, you will understand everything you need to know about World War II to pass any history test you will see in college or high school. It is packed with pictures from the war and covers all key events that makes it easy to jump back into history. I find it hard to just have a huge list of random dates from a historical period and try to remember everything. If you are interested in World War II, this book is for you.
