Haydn And His World

Synopsis

Joseph Haydn's symphonies and string quartets are staples of the concert repertory, yet many aspects of this founding genius of the Viennese Classical style are only beginning to be explored. From local Kapellmeister to international icon, Haydn achieved success by developing a musical language aimed at both the connoisseurs and amateurs of the emerging musical public. In this volume, the first collection of essays in English devoted to this composer, a group of leading musicologists examines Haydn's works in relation to the aesthetic and cultural crosscurrents of his time. *Haydn and His World* opens with an examination of the contexts of the composer's late oratorios: James Webster connects the Creation with the sublime--the eighteenth-century term for artistic experience of overwhelming power--and Leon Botstein explores the reception of Haydn's Seasons in terms of the changing views of programmatic music in the nineteenth century. Essays on Haydn's instrumental music include Mary Hunter on London chamber music as models of private and public performance, fortepianist Tom Beghin on rhetorical aspects of the Piano Sonata in D Major, XVI:42, Mark Evan Bonds on the real meaning behind contemporary comparisons of symphonies to the Pindaric ode, and Elaine R. Sisman on Haydn's Shakespeare, Haydn as Shakespeare, and "originality." Finally, Rebecca Green draws on primary sources to place one of Haydn's Goldoni operas at the center of the Eszterháza operatic culture of the 1770s. The book also includes two extensive late-eighteenth-century discussions, translated into English for the first time, of music and musicians in Haydn's milieu, as well as a fascinating reconstruction of the contents of Haydn's library, which shows him fully conversant with the intellectual and artistic trends of the era.

Book Information

Series: The Bard Music Festival

Paperback: 325 pages

Publisher: Princeton University Press; First Edition edition (August 18, 1997)

Language: English

Customer Reviews

This is a collection of essays representing the results of the research and insight of several different scholars each offering new connections to Haydn and his surroundings. Read how Haydn was viewed by his contemporaries and how he was compared to other greats of his time and before him. The style of writing invites you to imagine Haydn's world and how he became successful facing the challenges before him but with the incredible composing skills he was gifted with.
