# Henry V (Folger Shakespeare Library)

## Synopsis

Henry V is Shakespeare's most famous war play; it includes the storied English victory over the French at Agincourt. Some of it glorifies war, especially the choruses and Henry's speeches urging his troops into battle. But we also hear bishops conniving for war to postpone a bill that would tax the church, and soldiers expecting to reap profits from the conflict. Even in the speeches of Henry and his nobles, there are many chilling references to the human cost of war. The authoritative edition of Henry V from The Folger Shakespeare Library, the trusted and widely used Shakespeare series for students and general readers, includes: -Freshly edited text based on the best early printed version of the play -Full explanatory notes conveniently placed on pages facing the text of the play -Scene-by-scene plot summaries -A key to the play's famous lines and phrases -An introduction to reading Shakespeare's language -An essay by a leading Shakespeare scholar providing a modern perspective on the play -Fresh images from the Folger Shakespeare Library's vast holdings of rare books -An annotated guide to further reading

Essay by Michael Neill

The Folger Shakespeare Library in Washington, DC, is home to the world's largest collection of Shakespeare's printed works, and a magnet for Shakespeare scholars from around the globe. In addition to exhibitions open to the public throughout the year, the Folger offers a full calendar of performances and programs. For more information, visit [Folger.edu](http://Folger.edu).

## Customer Reviews

This play is best known for the St. Crispian's Day "Band of Brothers" speech given by King Henry

just before the battle at Agincourt. It is a powerful speech that rallies people at all times and everywhere. Sir Lawrence Olivier made a film version in 1944 during WWII and Kenneth Branagh made another as recently as 1989. You can count on there being more versions. Especially so when computers can help them make spectacular battle scenes (that aren't really in the play) with less expense. Audiences love this play and they should. There is a lot to like and enjoy. I think upon repeated readings Henry becomes a more equivocal character than he seems at first. And readers of the King Henry IV plays will know him before he became King Henry and know something deeper about his personality. And of course there is the whole bit about the drive to France being sponsored by the Church to avoid confiscation of property by the Crown. Moreover, there is the slaughtering of the French prisoners, and his treatment of Falstaff (who dies offstage in this play). This isn't revisionist stuff, it is right there in the play, but it is easy to miss the first time you are trying to take in the play. In any case, this Arden edition is the one to buy and read from. Why? Because it has the most authoritative text, but that is only the beginning. It also shows variants between the early sources. The notes at the bottom of each page of the play are simply fabulous. The editor includes not only helpful notes explaining what might be obscure in the text of the play, he provides sources Shakespeare probably used such as Holinshed and makes for some very interesting study. There are also some helpful notes on how various scenes have been performed over time.
