# The Kolbrin Bible: 21st Century Master Edition

## Synopsis

The Kolbrin Bible dates back 3,600 years and offers unique and enlightened insights from the past to both challenge and affirm our present day beliefs. This 2-part, 11-book secular anthology is nearly as large as the King James Bible. The first six books are called the "Egyptian texts" and were penned by Egyptian academicians following the Hebrew Exodus. The last five books are called the "Celtic texts" and were penned by Celtic priests following the death of Jesus. Several accounts describe an object in orbit around our sun called the "Destroyer," which the Celtic authors call the "Frightener." According to recently translated Sumerian texts, this object (also known as Nibiru or Planet X) is in a 3600-year orbit around our sun, and The Kolbrin Bible warns us of its imminent return and of yet another Biblical tribulation. [DOI: 10.1572/kolbrin] 2nd Edition Book Features: Published for scholars. The 596-page print edition features ample margins for notes and typesetting that is easy on old eyes. All editions feature the Kolbrin Citation System by Marshall Masters. Designed to speed multi-format collaborative studies between researchers and authors. Over 1,600 typographical corrections based on the Chicago Manual of Style. Its verbiage remains faithful to the original work. First-ever index with over 2,700 entries. (Print and Adobe eBook editions only.) PART 1: The Egyptian Texts (Books 1-6) DESCRIPTION: Following Pharaoh's defeat at the hand of Moses, the Egyptians searched the Middle East for clues to the one true G-d of Abraham. What now survives of that noble effort comprises the first six books of The Kolbrin Bible. OTHER EDITIONS: An abridged edition, the Egyptian Texts of the Bronzebook is also available in print and electronic editions from Your Own World Books. [DOI: 10.1572/kolbrin.bronzebook] PART 2: The Celtic Texts (Books 7-11) DESCRIPTION: A historical treasure trove of ancient Celtic and Druid folklore, philosophy and mysticism. Penned by Celtic priests in the first millennium CE, it includes a never-before published biographical sketch of Jesus Christ with several first-person quotes by Jesus, himself. OTHER EDITIONS: An abridged edition, the Celtic Texts of the Coelbook is also available in print and electronic editions from Your Own World Books. [DOI: 10.1572/kolbrin.coelbook]

## Customer Reviews

Whether or not this is a "genuine text," it's a very interesting combination of Zoroastrianism, Arianism, and Essenic Judeo-Christian messages. It even tries to reconcile Christianity with paganism in a non-hostile way--pretty cool.(High Arka.)

Philosophically, this book has a lot of good stuff, but approach it as you would "The Kybalion" or any other pseudo- antiquity- it's not pre- CE. At best, it's early 20th century, at worst it's 70's speculative writing. That doesn't mean it isn't good (the four stars are for content, not authenticity), but it reeks less of ancient near Eastern thought and more of Victorian- to- 1920's "New Thought." Worth a spot in your library, but a collection of ancient manuscripts, it ain't. Unfortunate that it includes the Sitchin- esque DeathPlanet content, but that's easy enough to overlook.

everyone should have a copy of the kolbrin bible.it makes more since of things discused in the bible itself and wahts more it adds detail to what the regular only casually mentions.tells of the coming of the planet x and its possible repurcussions on earth,which was the real reason i had bought this book ;but tells of much more anout the true history of the earth not discussed in other books.this is a must have book.

Sheds light on concept in the bible from a deeper and more legible perspective. Im not sure of when this was written (hopefully it's as ancient as they claim) but the teachings really resonate with me. This is by far the best collection of spiritual writings that I've ever read and I'm so thankful to the

people that preserved and released this gem.

As far as the content of the book is concerned, it is just amazing. "Hoax" or not, there is Truth, Beauty & inspiration in these texts on a par with (and often exceeding) any other holy book one cares to read. This is my bible. HOWEVER... those 1,600 typographical corrections according to the Chicago Manual of Style? It seems, to my great chagrin, that most of them are misplaced & unnecessary commas. It appears some (ahem) 'editor' has gone through the entire text and placed a comma before EVERY SINGLE INSTANCE of the word "which", regardless of context. This often changes the meaning of a sentence, or even makes it completely nonsensical. As I read on, it grates on my nerves more and more, ruining my enjoyment of this beautiful book. Please, please fix these grammatical atrocities and release a new edition. I'm begging you. Heck, if no one else wants to do it, I'll edit it myself - for free! Such a book deserves to be presented to the world with correct punctuation. (Also, the listing of citation forms at the beginning is messed up, with some books having a duplicate of the citation form for the previous book instead of their own.)

Simply an excellent version of the outstanding Kolbrin Bible. Warning: If you believe the bulk of the news from the mainstream organizations, you may not be broad-minded enough to get anything from this book!

Great read. Too bad more people don't know that there were tribes in Ireland before the Egyptians. And actually the term "gypsies" actually has to do with Egyptians travelling by Sea to Ireland, the tribes DID HAVE BOATS. Contrary to most "modern" and "educated" history. Finally the truth is coming out about religion, and the truth is going to frighten many.

This book resonates with me a many levels and for an atheist like me it is suprising that it touches some cords, some emotions that had been left untouched for o long. Everyone will find something in there that will spark a light.
