## Customer Reviews

I am currently taking remedies as part of my third year law school curriculum. so far i have been very satisfied by this black letter outline because it skips the needless details while still providing helpful examples. the book is also printed on nice glossy papers... i know probably bad for the environment but the book doesnt feel cheap. its a bit heavy than a normal book of the same size.

Seems like it is written for elementary school students. No good hypos or analysis. Sticking with my own outlines.
