## Customer Reviews

For a book supposedly written by an expert, there isn't much here I didn't already know from the DVDs, or looking up the episodes on IMDb.com. Add to this the terrible spelling and grammar mistakes and the book is barely readable. Back to the editor, expert and please, put some real information in there.

If you are a SEINFELD nut, this is a must have. Its a great resource to have if you cannot quite remember this person, or that person. All the information you need is in one handy little book. I found it an interesting read. This is a book I would highly recommend, but more for the Seinfeld fanatic!

Too many misprints. The information and episode plots were good, The two stars are for the attempt, but man, the errors in spelling were just too much to stand. Like it was written by someone who has English as a second language. I could have edited this free of charge.

A must have for Seinfeld Fans. Full of awesome and completely useful facts- great for those long trips to the bathroom, or for when you want to look something up while watching!!!!

This was a gift, but I briefly skimmed through it and it looked like it gave very specific and detailed descriptions for each episode. I'm glad that I purchased it. Would recommend it.
