Average Customer Review: 2.5 out of 5 stars [See all reviews](#) (50 customer reviews)

Best Sellers Rank: #18,724 in Books (See Top 100 in Books) #39 in [Books > Libros en espaÃ±ol > Infantil y juvenil](#)

Customer Reviews

The reason why I chose this rating, is because it did not have the item that I needed for my class. I missed one of my assignments that was due on 1/9/13. By buying a used book they do not tell you that something is missing out of the book. The item that I was missing was a super-sites code. This book was over priced! The book costed me 154.00 dollars without the code. And the new book costed 198.00 dollars with the code I had to buy the code separately and it costed me 119.00 dollars. The total costed for both items is 279.00! VERY DISAPPOINT IN THIS ITEM! WANT MY MONEY BACK!

The picture for this book says that it includes the supersite codes when in fact, the inside cover contains nothing

It doesn't come with the supersite code, but buying this book and the code separately rather than a brand new book with a code was waaaayyy cheaper. Buy this knowing it is just the book, no code for the class that you need to do online homework!

Items Ordered Price1 of: Panorama: Introduccion a la lengua Espanola, 4th Edition, Jose A.

BlancoSold by: thestockexchange (seller profile)Condition: Used - GoodClean and unmarked, straight spine, moderate edge and cover wear with bumps to corners and small scrape to bottom

edge, unused access code, no separate disc if issued \$36.89 Above is the seller's quote, however this book's access code HAD been used. This required me to purchase a separate access code for \$125.00! The access code was the main reason I purchased this text and I was duped by the false claim.

This product said it was new with a new access code and turned out to be old. So don't bother buying it.

Probably favorite book I have had so far for Spanish Classes Did find that I learned a lot of vocabulary -- Pictures were interesting Sometimes difficult as instructor would include information not in book in class

Came as described! It had no idea I ordered a hardcover version until I received it. Thank you so much for saving me \$75 of buying a new one at my college bookstore!

Take off the market. This book sucks. I had to buy every app, game, and additional books because the layout is confusing it sucks.
