... I tend to have a few beers. People request information such as how to open a beer without an opener. This book is an answer to all those question. It is also fun for us when we do our reviews to open the bottle a different way. We liked this book so much that we put a picture of it as a link to .com on our site. If you drink beer make it fun.....Mac

Purchased this as one of the Valentine's Day gifts for my boyfriend. He loved all of the unique and funny ways to open a beer bottle. I even got a kick out of it. Cute and different book that your man will enjoy if he enjoys drinking beer.

As a bartender, I use this book all the time. People just love to look at all the different ways to open a beer bottle w/o an opener! You can hear them share with others the ones they've tried before. If

your busy it will occupy their time for a good 10 minutes or so. It also breaks the ice or will bring a smile to someones face.

This book is wickedly and stupidly FUNNY!When I read a review of this book that is less than flattering, I know the reader is...humor-challenged...like my sister-in-law.The author didn't put out the Great American Novel here. Instead, he thought of a bunch of silly objects (some are senseless and absurd, like the cop car and grenade. Big laughs there!) you can use to pry off a beer cap.Lots of sly humor here!It is a little gem that is worth having for friends and family to flip through for some good laughs.This book did for me exactly what the author intended the book to do.Bravo!

Funny and light-hearted, with a wry, winking, urban tone, this book is a very quick read, and satisfying in its aim to amuse and entertain fans of beer.

Boring, learned all this in a frat house

Such a great book and very funny. So happy I purchased this book. It will be a gift for a beer brewer.
