Customer Reviews

With this introductory novel was published in 1997, few would have predicted the unprecedented success this series would produce. And everything that made Harry Potter so successful is all first shown, though hardly fully explained, in this book, HARRY POTTER AND THE PHILOSPHER'S STONE. The novel opens with Harry living under the cupboard with his abusive aunt and uncle. He has had a mean, depressed life, and though an active boy, the sheer amount of trauma he must have endured would scar any child. But the door opens out of this lifestyle. I've read an interesting theory (obviously not true), that a much different writer than Rowling would have ended Book 7 with Harry having imagined all this fantasy world, where he was so prominent and famous, to help escape the neglect and abuse from the Dursleys. He gets a letter (actually, hundreds) saying he is in fact a wizard. So he is enrolled the Hogwarts School of Witchcraft and Wizardry. Him, along with his new friend the giant Hagrid, go to Diagon Alley, a magical bazaar, and thus he is thrust into the

magical universe so captured the imagination of millions. We soon learn Harry is world famous among wizards for conquering an evil Wizard named Vo - um - He Who Must Not Be Named. Sorry `bout that slip. =). Along the way, we learn that Voldemort is after a magical artifact called the Philosopher's Stone (which was, unfortunately, changed from the UK original title to "Sorcerer's Stone" in all other regions). So much of the novel is driven by the three main characters defending this stone from Voldemort.
