I gave the book 5 stars because it was the correct book and edition i was looking for. I liked the book because it helped advance me in my class. I will definitely recommend it to a peer of mine.

I give a five star rating because of how easy makes it to rent. Bookstores charge you up the wall for books and being a college student you already have a lot to spend on. Thank you !

Personally i barely used the book so it was a waste of my money even though it was a requirement for school. It was in good conditions like it said. Wish I could resell it to at the same price i got it for.....o well

Just your normal, adequate textbook. Required for grandson's English class.

Awesome For school, great price

Useful in my class
