## Customer Reviews

"Oedipus Rex" and "Symphony of Psalms" are the peak of Stravinsky's neo-classical period and his two most important works in latin. This edition is wonderful, the score is big and clearly printed and it's strongly sewed together. I bought it in order to study these two pieces which I love, and I think for this price is a real bargain. It's much more than a study score. It includes prefaces with historical and musical backgrounds for each work. It's a excellent edition of two of the masterpieces of the XX century. A must for any Stravinsky lover.

It's a great score. The only sad part is that there is not translation of the libretto or the psalm texts.

Beautiful work which is out of this world
