Paradise Lost (Oxford World's Classics)

Synopsis

From almost the moment of its publication in 1667, *Paradise Lost* was considered a classic. It is difficult now to appreciate how audacious an undertaking the epic represents, and how astonishing its immediate and continued success was. Over the course of twelve books John Milton wrote an epic poem that would "justify the ways of God to men," a mission that required a complex drama, the source of which is both historical and deeply personal. While the struggle for ascendancy between God and Satan is played out across hell, heaven, and earth in the work, the consequences of the Fall are all too humanly tragic, with pride, ambition, and aspiration being the motivating forces. In this new edition derived from their acclaimed Oxford Authors text, Stephen Orgel and Jonathan Goldberg discuss the complexity of Milton's *Paradise Lost* in a new introduction. They contextualize Milton and his poem, discuss its structure and language, and provide a summary of critical responses to the poem since its initial publication. They also include on-page notes to explain the poem's language and allusions. This modernized edition of one of the most influential works in the English language will truly bring to light Milton's genius for today's reader.

About the Series: For over 100 years Oxford World's Classics has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more.

Book Information

Series: Oxford World's Classics

Paperback: 368 pages

Publisher: Oxford University Press; Reissue edition (May 15, 2008)

Language: English

ISBN-10: 0199535744

ISBN-13: 978-0199535743

Product Dimensions: 7.6 x 0.9 x 5 inches

Shipping Weight: 9.1 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars [See all reviews](#) (515 customer reviews)

Customer Reviews

Paradise Lost was not part of my core curriculum in science and mathematics. I was of course aware that scholars considered it a great work, a classic. But it seemed a bit daunting - long, difficult, dated, and possibly no longer relevant. A few years ago I made two fortunate decisions. I elected to read Milton's Paradise Lost and I bought the Norton Critical Edition (edited by Scott Elledge). I read and reread Paradise Lost over a period of three months as well as the 300 pages of the Norton critical commentary. I was stunned by the beauty and power of Milton. Why had I waited so long to even approach such a literary masterpiece? Make no mistake. I had been right in several ways. Paradise Lost is difficult, it is long, and full appreciation requires an understanding of the historical and religious context. But Paradise Lost is a remarkable achievement. It explores questions regarding man and God that are as relevant today as in the 17th century. And the genius of Milton has never been surpassed. I found the Norton footnotes extremely helpful - definitions for rare or archaic words and expressions, explanations of the historical context, and links to the critical commentary section. The footnotes are at the page bottom, making them readily accessible. The Norton biographical, historical, and literary commentaries were fascinating in their own right. I may well as spent as many hours reading commentary as with Paradise Lost itself. John Milton led a remarkable life. His enthusiastic eulogy on Shakespeare was included in the second folio edition of Shakespeare in 1632. This was Milton's first public appearance as an author!
