Customer Reviews

This book should be required reading for anyone interested in the immigration debate that is raging in our country today. Espejos y Ventanas gives Mexican immigrants the chance to tell their stories of struggle in their own words. The Spanish is not too difficult to follow, so it's also a good read for those who are learning the language or want to brush up on it.

Very good book for more advanced Spanish learners as the English version is not a direct translation. The actual content is very interesting as well.
