## Customer Reviews

The pagination is reasonable with no awkward page turns (at least not so far). It's pretty spacious so you can write in IPA as well as a translation. My only dislike is the English translation. Thanks to some Wite Out, that's not a problem for me anymore.

This is a "mini" sized book. The smaller page size and font isn't mentioned in the description. If you need to be able to see the font size in a traditional size, or if you are expecting a full sized book, you will need to order something else.
